Sterling Community Center Business Sponsorship

Dear Business Owner;

As a self funded facility we rely on Business Sponsorships, Fund Raisers, Memberships and Facility Rentals to pay the facilities operational costs. To help pay the operating costs we are reaching out to the community, asking businesses like yours, to purchase a Business Sponsorship. Your sponsorship will include a professionally made banner that is hung in our gym advertizing your business, one adult membership to the community center and advertizing on our Facebook and Web page. You will also receive a 15% discount on facility rentals.

A few of the programs offered at our facility include gym walking, pickleball, Zumba, open gym, and Scrap Booking. We can also provide a meeting room and an event area for your business functions. The outdoor hockey rink is also available, weather permitting. We are in the process of finishing the baseball/soccer field, building a pavilion garden area, putting a use plan together for the greenhouse that was donated last year, building a museum in the original Sterling Post Office, adding storage areas and making a Teen Center in the original Sterling School House. Many of these projects are long term goals and will be completed as funding becomes available.

In 2015, during the Card Street fire, the center opened its doors to feed 350 firefighters twice a day, for community briefings by the incident command and for providing meals, a place to sleep and shower to those residents that were displaced by the fire.

The Sterling Community Center enjoyed amazing support from the community, corporations, small businesses, individuals, the Borough Assembly, the Mayor, the Rasmusson Foundation and all of our State Legislators when the center was built. Because of this support, we are proud to say, that this amazing "Community Center" was built for just a little over \$100 per square foot.

Thank you for your support,

Bob Oakes, Sterling Community Center, Inc. President; Bob Oakes

Please fill out the application below to get your Sponsorship started.
